

Senior 3D Artist/ Designer (m/w/d)

BDA is a tight knit creative agency with a focus on one of the world's most exciting industries: entertainment.

We develop and produce cross-media campaigns for shows, films, series and live sports.

We design and brand individual broadcast formats, AR and VR show sets through to entire broadcasters and streaming platforms.

We work for some of the best clients and biggest entertainment brands in Europe and worldwide: clients such as Amazon Prime Video, RTL+, The Walt Disney Company, ProSiebenSat.1, Discovery Networks, Sky Germany, ARD, WDR, SWR and MDR.

Skills and experience

- You are conceptually strong with an eye for beauty.
- You have a keen eye for design and branding.
- You have a passion for lighting and materials.
- You will push the creativity and quality of your own and the agency's output.
- You will act as a sparring partner for the senior members of our 3D team and tutor to our junior members.
- You are very familiar with the Adobe Creative Suite and are a master of C4D. Knowledge of Unreal is a definite plus.
- You love TV, Film, sports and entertainment.
- You like to understand every brief in detail and inspire our clients with your work.
- You like to be with and work together with people who love what they do.
- You are ambitious, but team focused.
- Your English is good.

Why it pays to work for us

Because you will be immersed in pop culture. Because you will be working with series, films and shows often before they air or are even produced. Because your work will be highly visible. Because the route from idea to realization is short for us - with our own film production unit and a large permanent team of specialists: editors, motion designers, other 3D artists and a passionate team of producers ready to help turn your ideas into reality. Because we have great relationships with great clients. Because we offer fair pay with fair working hours. Because we have a very nice new studio with a roof terrace, barbecue and disco ball. Because we invest heavily in the technology that will enable you to produce outstanding work here in the studio, or flexibly from home if you choose.

Laura Wundt is looking forward to your application: jobs@bdacreative.com or by mail to BDA Creative GmbH, St.-Martin-Str. 102, house 27, 81669 Munich
